DEPARTMENT OF AGRICULTURE

COMMONWEALTH OF PENNSYLVANIA

DEPARTMENT OF AGRICULTURE | GEORGE D. GREIG, SECRETARY

August 2011

Dear Friends of Agriculture:

Welcome to the Pennsylvania Department of Agriculture's 2011 Performance Tested Boar and Gilt Sale. This is the culmination of a standard, unbiased feeding and management testing program conducted at the Samuel E. Hayes Jr. Livestock Evaluation Center.

Programs like this performance sale are vital to improving the on-farm efficiency of our livestock species and the products we offer to consumers. The animals you will bid on today are the result of the hard work put in to producing superior herds.

This sale could not be possible without the dedication and involvement of many hard-working contributors, including:

- Swine Breeders of Pennsylvania
- Livestock Technical Committee
- Pennsylvania State University
- Livestock Evaluation Center Sale Committee
- Harry Bachman, Auctioneer
- Ring Volunteers

The members of the Pennsylvania Animal Health & Diagnostic Commission and Pennsylvania Pork Producers Council also help to make this sale a success.

It is our hope that these purchases will improve Pennsylvania's swine herds which keep Pennsylvania growing.

Sincerely,

A handwritten signature in cursive script that reads "George D Greig".

George Greig  
Secretary

**PENNSYLVANIA DEPARTMENT OF  
AGRICULTURE  
36<sup>TH</sup> ANNUAL  
SWINE PERFORMANCE TEST**

*Special Representatives*

The Honorable George Greig, Secretary of Agriculture  
Dr. Craig Shultz, Director, BAH&DS, PA Department of Agriculture  
Dr. Bruce McPheron, Dean, Penn State College of Agricultural Sciences  
Dr. Terry Etherton, Head, Department of Dairy & Animal Science (PSU)  
Dr. Lester Griel, VMD, Veterinarian (PSU)  
Kurt Good, President, PA Pork Producers Council

*2011 Sale Committee*

Dr. Lester Griel	State College, Centre Co.
Jacob Pepple	New Enterprise, Bedford Co.
Ken Kephart	State College, Centre Co.
Bryan Smith	New Enterprise, Bedford Co.
Conrad Neutzel	Seven Valleys, York Co.
Abe Fisher	Gordonville, Lancaster Co.
Keith Loy	Pine Grove, Schuylkill Co.
Frank Feeser	Taneytown, Md.
Dave Reinecker	York Springs, Adams Co.

*Auctioneer*

Harry Bachman                      Annville, Lebanon Co.

*Thanks to the consignors and buyers of the Livestock Evaluation Center's  
Performance Testing Programs for all of their support and patronage.*

*A sincere thank you to Dr. Lester C. Griel for his veterinary expertise and additional support of all  
programs at the Livestock Evaluation Center.*

## General Information

### 1. Management of the Boars

Participating boars and gilts have completed an official performance test at the Livestock Evaluation Center. The hogs will come off test when each pen averages 250 pounds or by July 19. Prior to the start of the test, the boars and gilts were allowed a 7-14 day adjustment period during which they were wormed, introduced to our ration and prepared to begin the test. During the performance test, the boars and gilts were fed a ration consisting of a special 18 percent protein stress ration for nearly two weeks and then a regular 18 percent protein pelleted ration for several weeks. All hogs finished the test on a 16 percent protein pelleted ration. At the conclusion of the test, all hogs are hand fed and exercised to prepare them for breeding.

### 2. Soundness

All boars and gilts have been scored by the Sale Committee using a range of U to E with U representing Unsatisfactory, S for Satisfactory and E meaning Excellent. Boars and Gilts sell as you see them.

### 3. Indexes:

Boar and Gilt Index

$100 + [52 \times (\text{Individual Hog's daily gain} - \text{test group average daily gain})] - [92 + x (\text{Individual Hog's backfat} - \text{test group average backfat})] - [68 \times (\text{pen feed efficiency} - \text{average feed efficiency})]$

The average boar or gilt in each group will index 100 points. If a hog indexes 120 points, it tested 20 percent better than the average hog of its corresponding sex.

### 4. Index Requirements

- A. Boars and gilts must have a soundness score of S or E.
- B. Boars and gilts must have an underline score of S or E.

### 5. Health

Participating boars and gilts are in perfect health and can go anywhere. All boars and gilts have tested negative within 30 days of the sale for Pseudorabies and Brucellosis and were vaccinated for Leptospirosis. Out-of-State buyers should contact their state veterinarian for prior permit when necessary.

### 6. Stress Test Status

Some boars and gilts may have been tested for the stress gene. Results will be available sale day. All hogs registered with the National Swine Registry, must be guaranteed by the owner to be stress negative.

### 7. Note

The boars and gilts have been evaluated for performance, but you must evaluate them for type, soundness and breed character. All boars and gilts sell as is.

## Terms and Conditions of Sale

Terms of the sale are cash or check. Any owner of a boar or gilt qualified for sale requesting that payment be made in actual cash rather than by check must first do so in writing to the Pennsylvania Department of Agriculture Samuel E. Hayes, Jr. Livestock Evaluation Center prior to sale day. This condition will then be announced prior to the sale of that animal. All checks must be made payable to the "Pennsylvania Pork Producers Council Boar Testing Fund." No boar may leave the premises until properly paid for.

1. Each boar or gilt will be sold to the highest bidder.
2. The auctioneer will settle any disputes regarding bids that may arise. This decision will be final.
3. Certificates of registry will be furnished and transfers will be made by the Sale Committee, at the seller's expense, to the purchaser within a reasonable time after the sale.
4. All boars and gilts are at the seller's risk until sold and will be the buyer's risk as soon as sold. However, if not convenient for the buyer to remove the animals the day of the sale, they will be cared for up to a maximum of 72 hours after the sale at the buyer's risk. After 72 hours there will be a nominal fee.
5. Health certificates will be furnished by the Pennsylvania Department of Agriculture.
6. All boars are guaranteed breeders by the seller and are sold subject to the code of standards adopted by the National Association of Swine Records provided all recommendations were followed. In the case of any breeding difficulties, both the seller and the Livestock Evaluation Center must be notified in writing within 60 days of the sale date. Any adjustments will strictly be between the buyer and the seller.
8. The above guarantee and terms of sale shall constitute a contract between the buyer and the seller for each boar and gilt sold and shall be equally binding upon both. Neither the Pennsylvania Department of Agriculture, the Pennsylvania State University, the Pennsylvania Pork Producers Council, nor any other person or organization connected with the management of the sale assumes liability, legal or otherwise, except to help make any needed adjustments.
9. All persons attending the sale do so at their own risk. Neither the Pennsylvania Department of Agriculture, nor any other person or organization connected with the sale will assume liability, legal or otherwise, for the safety in the buildings, on the premises or the behavior of the animals.

## Swine Health Procedures

Prior to admission to the center, all pigs tested negative for Brucellosis, PRV and five strains of Leptospirosis. In addition, all pigs were test negative on an ELISA test for PRRS as well as PCR negative for PRRS. All pigs received a dose of inactivated vaccine for circovirus at 3-4 weeks of age at the farm of origin.

Upon arrival at the center, all pigs were administered Respisure® for mycoplasma pneumonia as well as a second dose of the inactivated circo virus product.

There have been no clinical signs of respiratory disease throughout the test.

At the end of the test, all pigs are tested negative for Brucellosis and PRV.
